

PARENT PERMISSION FOR USE OF ONLINE TOOLS (COPPA FORM)

Dear Parent/Guardian,

In order for the Iowa-Grant School District to provide your student with the most effective web-based tools and applications for learning, we need to abide by federal regulations that require a parental signature as outlined below. In order for our students to use these programs and services, certain personal identifying information, generally the student's name and email address must be provided to the web site operator. Under the Children's Online Privacy Protection Act (<http://www.ftc.gov/opa/so12/12/coppa.shtm>), these websites must provide parental notification and obtain parental consent before collection personal information from children under the age of 13.

The law permits schools to consent to the collection of personal information on behalf of all its students, thereby eliminating the need for individual parental consent given directly to the web site operator.

This form will constitute consent for the Iowa-Grant School District to provide personal identifying information for your child consisting of first name, last name, school email address, date of birth, and username to NoRedInk, TouchCast, Goodreads, and any additional web-based educational programs and services which IGSD staff select for instructional use. The District will keep these permissions on file so that you do not have to provide consent to every website.

It will be the student's responsibility to follow the District's Acceptable Use and Internet Safety Policy at <https://goo.gl/3FSpdE> and to ensure compliance with the Terms of Service for each website or online tool.

Guidelines for using online web tools and apps include:

- Keeping password/login information private
- Understanding that use of approved online tools is for educational purposes only
- Disclosing only information deemed safe and appropriate by district staff
- Adhering to online citizenship and netiquette

Unacceptable uses include:

- Using another student's account or misrepresenting personal identity
- Using accounts for any illegal purpose
- Any violation of the Student Handbook or Board Policies

Parent/Guardian Permission

I have read and understand that my child will use these tools for educational purposes. I understand that my child will also abide by all policies for Internet and computer use. I give permission for my child under age 13 to register with websites that are approved by the District staff for educational use. Finally, I understand that my child's access to these tools is not private and that my child's account may be monitored. I understand that this consent is valid from today's date until my child turns 13 years of age. I may revoke this consent by sending written notice to my child's building principal.

I agree to the terms and conditions

I do not agree to the terms and conditions
